

Prison Ministry

For those who may not be familiar with this ministry, we fall into the missions department. God opened this door in 2006. This particular field of ministry provides great opportunity for those interested in sowing God's word. The seed does fall on good soil here! Unfortunately it falls on other types of soil as well. That is to be expected wherever God's seed is sown.

God first opened this door for us at the Johnson County jail in Cleburne Texas, where we continue to teach on Saturday afternoon. He also opened for us a door into the Texas Department of Criminal Justice (State Prison) where we teach on Tuesday nights at the Sanders Estes State Unit, in Venus Texas.

TDCJ requires a curriculum to be taught that has been certified by them. That's where New Life Behavior comes in. This certified curriculum is put together by men of the Church that have worked in the prison ministry for many years. The New Life Behavior headquarter is in Corpus Christi Texas. This curriculum is taught in 40 states in the US and 7 different countries around the world. It is successful only because of the truth of God's word.

This quarter:

(CASA) - Christians Against Sex Addiction

What is NewLife Behavior Ministries?

NewLife Behavior Ministries (NLBM) is a comprehensive program to assist individuals in behavioral improvement. It is a ministry of hope reconciling individuals to God, families, and society. It is our basic belief that we are created in the image of God (Genesis 1:26- 27) and that we are most complete, comfortable, and productive when operating our daily lives in harmony with our Creator and Savior.

NewLife Behavior Ministries develops and distributes faith-based curriculum and tools to facilitate the reconciliation process. We translate the courses into as many languages as possible for maximum distribution worldwide. Not only is the curriculum popular for application in prisons and for substance abuse recovery, but it is also used in community outreach efforts and in local Bible classes for all ages.

NLB curriculum is free to foreign missionaries; however, users in the USA make a small donation for licensing and reproducing course material.

Why the Butterfly?

NewLife Behavior Ministries uses a butterfly logo because it represents change. Our goal is to provide *The Way* to a better life for individuals, families, and society through establishing a strong relationship with God.
